Summary

I am a freelance web developer bringing forth expertise in user experience design and maintenance of websites. Able to effectively self-manage during independent projects, as well as collaborate in a team setting, which I have learned how to do well while working in the construction industry. Looking to pursue a junior front-end developer position within any company that provides a platform for their employees to grow personally and professionally.

Work Experience

Freelance Web Developer

Harmony, PA

SELF EMPLOYED

Sept 2015 - Present

- Design and develop custom websites by taking a mobile-first approach to optimize user experience
